CONNECTING MATH TO CAREERS WITH PATHWAY2CAREERS™

AUG 28 | 9AM - 12PM [REGISTER](#) ◀
SEPT 11 | 8AM - 11AM [REGISTER](#) ◀
SEPT 14 & 16 | 5PM - 6:30PM [REGISTER](#) ◀

Free professional learning for all NM educators interested in implementing Pathway2Careers Curriculum

When we help students understand the why behind the what, we can create powerful outcomes.

As part of the Careers2Communities program, **Pathway2Careers Curriculum** is a new, free resource that bridges the gap between textbook theory and real-life application, in a way that drives student success. Our Professional Learning events will take a close look at the curricula and more!

Effective strategies to help students connect math problems to careers

Pathway2Careers Curriculum and its revolutionary tools to engage students

Explore its formative assessment to measure students' readiness for more complex skills

Pathway2Careers math curricula is on the NMPED approved supplemental materials list.

Professional Learning Provided by

MC² PROFESSIONAL LEARNING

professional learning
throughout the year

Curricula to engage and
motivate your students
in Algebra & Geometry

Energy and enthusiasm
for the 2021-22
school year!

Answer students'
question of "When will
I ever use this?"

About

Careers2Communities seeks to improve outcomes for all students. The program, funded by The Expanding Access to Well-Rounded Courses Demonstration Grants Program, will enhance college and career readiness through a series of online Career and Technical Education and well-rounded education programs. Pathway2Careers is one of the series of solutions made available through C2C and supported by Mathematically Connected Communities (MC²).

As part of the Careers2Communities program, Pathway2Careers is available to all schools at no-cost. Implementation and professional development is guided by MC².
